LAW LIBRARY
ARIZONA ATTORNEY GENERAL

Re: I79-300 (R79-290)

Dear Representative Pacheco:

We have considered your opinion request concerning an interpretation of A.R.S. § 16-471.02. The resolution of this question would depend upon specific facts relevant to each particular corporate situation; facts which we do not have at our disposal. Entities upon whom this law imposes an obligation must as a result seek out their own particular legal advice. Any disputes as to the interpretation of this law must be resolved by the courts in specific cases. This office cannot make those decisions.

As a result, we must respectfully decline your request for a formal opinion. If you are considering the introduction of legislation, we will of course be ready to assist you in that effort in whatever way we can.

Please accept my kind personal regards.

Sincerely yours,

Bob Corbin

BOB CORBIN
Attorney General
